## 11. Youth Engagement

The Parish Council acknowledges that 62% of residents who completed the recent Strong, Healthy and attractive Colnbrook survey were worried about the ongoing anti-social behaviour described.

The Parish Council resolves to reduce anti-social behaviour within Colnbrook with Poyle and following the unsuccessful grant application will allocate £5,000 of our capital reserves for two youth workers from to launch an intensive 15-week programme of 10 hours each week, commencing as soon as possible (February). The youth workers will work with our disengaged young people and their families to tackle anti-social behaviour directly and work towards reducing such behaviours including; the use of catapults, reckless use of quad bikes, and to reduce offending amongst our disengaged young people generally.

In addition, the Parish Council resolves to underwrite grant applications currently being written for a yearlong youth engagement programme, to be held in Westfield Community Centre one evening each week with youth workers from Aik Saath. This would ensure planning could go ahead to begin the programme in June / July and if the grant applications are unsuccessful, funding would be available. The total amount would be *circa* £5100, or part thereof.
